FIUN Barents & Norwegian Seas cod and haddock MSC-F-31396 (Preceding certificate number F-LRF-0125) 28/AUG/2018 12/MAY/2020 27/FEB/2024

#### The point(s) at which fish and fish products may enter a chain of custody:

Only cod and haddock caught in the manner defined in the Unit of Certification under restrictions detailed throughout the body of the final Public Certification Report for this fishery shall be eligible to enter the Chain of Custody. Chain of Custody should commence following the first point of landing, at which point the product shall be eligible to carry the MSC logo (under restrictions imposed by the MSC Chain of Custody standard). There are no restrictions on the fully certified product entering further chains of custody. The Fishing Industry Union of the North (FIUN) does not require its own chain of custody certificate.

Eligible points of landing are Russia: Murmansk, Arkhangelsk Norway: Kirkenes, Tromsø, Ålesund Denmark: Hirtshals Iceland: Hafnarfjordur Netherlands: Velsen

### The parties, or categories of parties, that are entitled to use this certificate to enter fish from the certified fishery into certified chains of custody:

Fishing Industry Union of the North (FIUN) vessels targeting North East Arctic cod and East Arctic haddock in ICES Areas Ia, Ib, IIa and IIb using demersal trawl and longline.

The current vessel list can be found on the fishery page of the MSC website, or by contacting Lloyd's Register.
